### Exposure Classifications

Market exposure is presented as a percentage of Total NAV. LME means long market exposure. SME means short market exposure. Parentheses indicate a negative short value. Gross is LME plus the absolute value of SME; Net is LME plus signed SME.

### Liquidity

Page 2 shows mutually exclusive total-fund liquidity buckets as decimal proportions of 1.00. Page 1 liquidity is public-portfolio only and should not be used for a total-fund field.

### Capital Base

The assets-under-management table on page 1 is stated in USD thousands. The row Total NAV is the fund-level capital base for Meridian Arc Onshore LP; normalize 6,745,000 (\$000s) to 6,745 million USD.

### Performance

Fund Model Net reflects the designated presentation class and is the requested net performance measure. Gross Returns and benchmark Index Returns are not substitutes.

### Report Date

All performance and exposure figures in this condensed report are as of June 30, 2026. The report may be delivered later; delivery date is not the reporting date.
